## Durable products, beautiful colors, complete solution

SIDING TRIM SOFFIT

When using James Hardie® siding, trim and soffit, you're delivering what homeowners want: a low-maintenance home without sacrificing beauty, charm or character. The James Hardie ColorPlus® color palette offers a complete line of siding as well as trim and soffit that makes it easy for homes to stand above the rest.

### Lower on-the-wall costs

Because the finish is factory-applied, it makes for a more cost-effective installation versus field applied paint.

### Lengthens building season

Factory-applied finish means no waiting for the right weather conditions to paint.

### Factory application

Our advanced factory-applied finish application technology enables consistent color and superior quality.

### Scratch resistant

Removable protective laminate and mar-resistant coating prevent damage during transportation and installation.

### Color options

A professionally developed color palette with color combinations meeting discerning consumer tastes.

### Creates better value for customers

15-year finish warranty from one reliable manufacturer.

### Better business all around

James Hardie® siding with ColorPlus® technology allows you to deliver a higher quality product at a better value with fewer hassles than ever before.
